

GSMC PRESENTS A FREE VIRTUAL PROGRAM

Digging Deeper into Your DNA Matches: What's My Next Step?

Saturday, January 8, 2022

1:00 - 3:00 PM

Eastern Time (US and Canada)

SPEAKER

DENISE ANDERSON-DECINA
WITH THE CENTRAL INDIANA DNA INTEREST GROUP (CIDIG)

Taking a DNA test is just the beginning step to learning more about your genetic genealogy and expanding your genealogical tree with new relationships.

This session will include: an overview of genetic genealogy; reviewing autosomal DNA results; comparing shared matches; understanding ethnicity estimates; and using various DNA tools to analyze matches. Using Verizon's video hosting platform, BlueJeans, attendees will be able to submit questions to the presenter via chat and live virtually following the presentation. Handout will include an outline of topics to be discussed plus genetic genealogy resources.

Free - Advance registration required:

send email with your name, city and state, before event to webmaster@genealogyindy.org
with the subject **RSVP January 8.**

After registering you will receive a confirmation email containing information about joining the meeting.
