Terry D. Prall - Terry is the Education/Program Chair for the GSMC and president of the Prall Family Association. He retired from a 30 year teaching career in 2003. His two volume *Prall, McHugh, Faucett, Crail & Allied Families* was published in 2009, the culmination of 20 years of research. Terry has been speaking on genealogy topics since 2005. His onsite research has taken him to 14 different states where he has mixed spending time in local repositories with visits to nearby family and historical sites. He has thoroughly enjoyed his adventure into the lives of his ancestors and weaving parts of their stories into his presentation.
